

Safe Breaking Sensors

SPV-0200

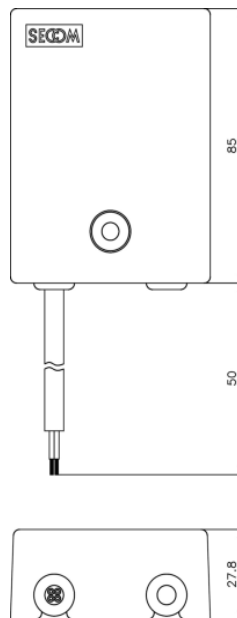

Product Specifications

1. Features

- A safe protector sensing the door opening and the shock to the safe
- A combined use of reed switches and PZT sensor
- Intervention protection feature
(Circuit cut/short or detachment)

2. Dimensions

3. Specifications

Model	Carry Current		Operating Voltage	Operating Temperature Range
	Alert	Detect		
SPV-0200	20 μ A	55mA	DC 5~DC 12V	14°F ~ 122°F (-10°C ~ 50°C)
